

FROM COVERAGE TO CARE

From Coverage to Care is an initiative to help people with new health care coverage understand their benefits and connect to primary care and the preventive services that are right for them, so they can live a long and healthy life. We encourage you to share these resources with consumers, and help them on their journey from coverage to care. We also hope you share information about local resources during your conversations, to help individuals know where and how to access care in your community.

To view, print, and order *From Coverage to Care* resources, go to <http://marketplace.cms.gov/c2c>.
